--	--------------------	------------------

Population figures, and Gross National (GN) Income per Person figures are for the year 2006, and were taken from the book of World Development Indicators (2008).

Any Excess of Donations over Bedkits Funded is carried forward **to future years** to buy bedkits. In 2008, **SCAW** received a large bequest that, as is customary, will be used in future years to fund bedkits.

Funding was increased from CDN \$30.00 to \$35.00 per bedkit, effective with distributions funded after June 1, 2008.

Operating Expenses of **\$105,598 for the year ended February 28, 2009 (\$98,857 for 2008)** were covered by the Sleeping Children Around The World Legacy Account set up by Murray Dryden. Our financial structure ensures that 100% of bedkit donations are used only to buy bedkits.

All Canadian registered charities are required to submit each year an Annual Information Return to the Canada Customs and Revenue Agency (CCRA).

SCAW 's Annual Information Returns are available on the [CCRA web-site](#) (Click on the link to go to the site.) Once on this site, click on the "Return" icon at the right. This takes you to a new web page which lists the years for which Sleeping Children Around The World's Annual Information Returns are available. Click on the icon under the year that you are interested in, to bring up the Sleeping Children Information Return for that year.
